GOLDEN RISE TRADING (L.L.C.)

became epitome of exporting & importing quality food products

Inspired by a vision to provide its global customers the food stuffs with quality par excellence and rates most competitive, the Dubai based Golden Rise Trading (L.L.C.) has come up as the leader in the segment. The company has established itself as the pioneer in export and import of Rice, Pulses, Beans, Spices, Dry Fruits & Nuts, Dates, etc direct from the origin. Golden Rise has crafted itself as a reputed Import and Export company dealing in a wide variety of agricultural commodities. With a dedicated

and committed team of workers at hand, the Company believes in the philosophy of commitment to the best business ethics and services to the customer. Providing premium quality Rice, Pulses, Beans, spices, dry-fruits, sugar and other such miscellaneous commodities in bulk packing. Company ensures that each product it exports stands high on quality parameters. It was in the year 1996 that young entrepreneur Mr. Niraj Nihalani joined his father Mr. Satramdas Nihalani to redesign the whole

business and the Golden Rise Trading (L.L.C.) came into its existence in the year 2007. Till the year, Golden Rise Trading L.L.C. reached to its exports of Cloves to 1000 ton and Black Eye Beans to 2000 ton from Madagascar and its growing gradually and become the leading exporter from Madagascar with its own warehouses,

Machineries and workers. Also, one of the biggest importer of Rice and do local stock and sell. Golden Rise Trading has also opened an office in Kenya with full fledged of his team for Rice import and local stock and sell. Apart of above origination, Golden Rise has operation offices in Myanmar and Tanzania. In 2020, Golden Rise is a rapidly expanding Global Company creating loyal customer base across the Globe and expanding its business in consumer packing of Rice, Pulses, Beans, Spices, Wheat flour in under the brand name "NITRA" for Europe market has earned popularity and trust of its customers in a relatively short span of time. The brand was established in UK with the vision of spreading Healthy Food products on Global level. "NITRA" is one of the most

pioneering grocers and leading brands in the Vegan world. Nitra's wide range of products like Pulse, Beans, spices, rice, pickle, paste, Tea and various products gives healthy life and taste in your daily routine life. The success can also be attributed to the untiring and unflinching commitment to world class food processing and Agri Commodity Trade methods along with an adherence to highest quality standards. After the success in Europe market, "NITRA" brand in consumer pack is now being launched in the year 2022 for Dubai market with a vision to expand the business for Middle East market. To provide the best of the best quality products, Golden

Rise has raised its own cleaning, grading, processing and packing unit in Dubai. Golden Rise, a professionally managed company

is being run by a team of experts, visionary, technocrats and managers, who are guided by valuable business ethics to serve

the company as well as the society as a whole. All its products have acclaimed a prestigious place in the trade. One of the best

GLOBAL PRESENCE

processing unit at hand, Golden Rise boasts of an international standard of processing and packing etc."NITRA" foods pride itself on its

reputation as a business built around people offering excellence in quality products with a commitment to complete

professionalism. Our strong will and commitment towards our quality have earned us a distinguished position in the FOOD industry.

DUBAI Trade Directory 2023-24

AKSHAY GUPTA

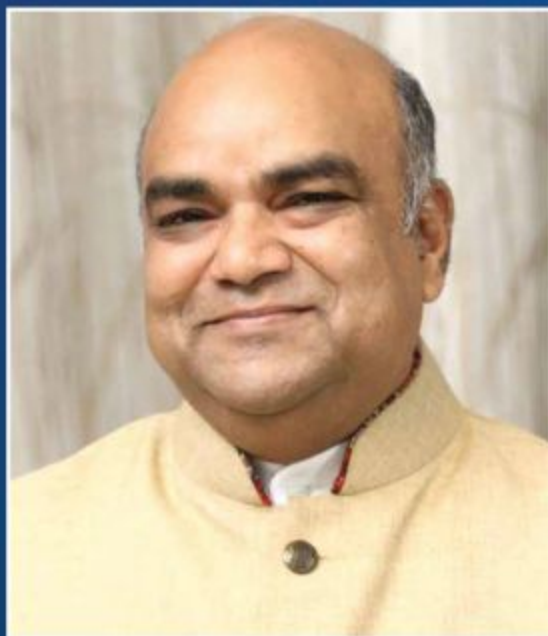

After the grand success of Residential and Commercial Directories in India and overwhelming response from second issue of Dubai Directory, NNS Media Group is glad to present its third edition of Dubai Trade Directory. Dubai is a perfect place to start or expand business in the Middle East, providing investors with a unique and comprehensive value added platform. Thus we feel that trading hub, Dubai, deserves Trade directory and we seek valuable feedback from it.

Right from its inception in 1950, NNS Media Group has come a long way and has earned recognition as a vibrant media group. The white journalism has always been at the core of the success of this media group. These days when most of the media agencies are busy creating more and more sensational news, NNS Media Group still follows the basic ethical norms and publishes the material that is useful for the human society and nation as a whole. About a decade ago, NNS came out with its first residential directory of Punjabi Bagh (New Delhi, India) area followed by commercial directory of the same area. Since then, NNS has successfully published a series of residential and trade (commercial) directories which have proved their worth and have earned appreciation at the hands of both the residents as well as traders of the areas. These directories have made the life of their users easy in more than one ways.

This is not an unknown fact that India has developed sound and sturdy trade relations with the UAE and particularly with Dubai. The Emirate has a large number of traders, importers and exporters of Indian origin there. This business community has a strong natural bond with its counterparts in India. In this age of information, communication and internet, it is necessary and useful to create a strong network of information among the people of various communities. Keeping in mind this need of business community in India and Dubai, the present directory has been designed and compiled. It contains entries regarding the business concerns with their complete address, nature of trade, telephone and mobile numbers and e-mail address. The only purpose of this directory is to bring the business community in India and Dubai more and more close to each other. We sincerely hope that Dubai Directory will be useful to every individual who is associated with Dubai with trading point of view.

Though every care has been taken to collect and compile the information herein, yet no legal aspect has been taken into account. Therefore, it does not stand a valid evidence in any legal dispute or controversy. Also, the publishers don't stand responsible or answerable in any legal dispute.

Grateful Thanks

Shri Padam Agarwal

Managing Director
+971 55 2000631

NNS Media Group conveys its gratitude to Shri Padam Agarwal Ji for extending his whole hearted co-operation & support in the compilation of this Directory. Please accept our grateful thanks.

GROWIN RICE PVT. LTD. (INDIA)

A name of international rice broker

KARAM SINGH

Growin Rice Pvt. Ltd. has been an established and popular company with an excellent track record for the buyer and seller satisfaction.

The company has never compromised on the quality and service provided to the clients.

The Company is working as international rice brokerage, trusted & authorized inspection company in India. Company's working style is simple as anyone can understand and clear like crystal & reasoned to make it so that anyone who is not related to the

related field can also understand it and market easy to find out what they want to know.

Company's main motive is only to provide its clients the best rice at minimum price without buyer's efforts. At the first step of our working process first step Growin Rice takes all the details from buyer what they brought from Indian supplier with agreement copy or specification of the goods. In 2nd step, company's team visits the plant and inspects the plant as well then makes a report so that the buyer can understand what he brought from supplier and how he will process. In 3rd step, it starts processing of rice with all basic steps and prepare a sample for checking. The experts team analyses the sample and makes a report with all specifications. In 4th step, experts

check the packing material and make a report for the same. If they find any problem in packing material, they immediately take decision to change or make it perfect.

In 5th steps, team starts the process for rice and starts packing with all needful steps. Company's inspector stays all the time in plant until the shipment packing completed.

Once all the bags are ready with packing and all needful marks like barcode or any other required specification, the process starts for moving containers.

In 6th step, expert inspects the container and makes a report for the same then smart loading cargo in containers and check weight then proceed for CHA. In 7th step, Growin Rice concludes all the steps and makes a final report with CERTIFICATE.

THE ALL INDIA RICE EXPORTERS' ASSOCIATION (AIREA)

The All India Rice Exporters' Association (AIREA) is the apex trade body of rice exporters of India. It has been constantly serving the rice trade since its inception in 1989.

AIREA's role and activities include :

- Counselling and advising trade about the emerging trade scenario in the global market
- Informing trade about the evolving sanitary and phyto sanitary requirements in the external market
- Disseminating market intelligence from time to time
- Circulating trade leads to its members for developing business
- Liaison with Provincial and Federal Government about various trade issues
- Projecting trade related policy requirements for inclusion in various policy instruments including the Foreign Trade Policy
- Organizing capacity building programs
- Organizing training programs for farmers and other stakeholders
- Participation in International and Domestic Trade events / exhibitions / seminars etc.

About Rice: Rice is the staple food for half the world population and 90% of global rice production happens in Asian continent with China and India being No1 and No 2 producers. India produces a large number of non basmati rice varieties across provinces.

India also produces Basmati rice – the Scented Pearl – in a geographically designated region falling under the foothills of Himalayas and encompassing the provinces of Punjab, Haryana, Uttarakhand, Himachal Pradesh, Delhi, Western Uttar Pradesh and three districts of Jammu Division in Jammu & Kashmir State.

Basmati rice is known for its sleek and slender grain with silky texture, tapering ends, unique aroma and typical cooking characteristics.

Basmati rice is a registered Geographical Indication (GI) of India.

Rice Production in India: India produces around 118 million metric tonnes of rice of which around 8 million tonnes is Basmati Rice.

Rice Exports: India exports around 4.5 million tonnes of Basmati rice and 8-12 million tonnes of non Basmati rice. During the current fiscal 2020-21 India is expected to touch a record overall rice export figure in the vicinity of 14-14.5 million tonnes.

Year	Basmati Rice-MTs	Non Basmati rice-MTs
2022-23	45,60,762	1,77,86,557
2023 (upto July 2023)	16,09,447	53,58,242

Indian rice is exported to over 160 countries across continents.

How can AIREA help overseas Interests?: Apart from delivering its mandated role, AIREA can act as a matchmaker for overseas interests. Anyone interested in doing rice trade with India can get in touch with AIREA which will connect them to right kind of players for long term and reliable business.
